NOTICE OF ASSESSMENT.

CARSON STEAM LAUNDRY.—Location of principal place of business, Carson City, Nevada.—Notice is hereby given that at a meeting of the Board of Trustees, held on the 8th day of June, 1886, an assessment (No. 1) of Two Dollars (\$2) per share was levied upon the capital stock of the corporation, payable immediately in United States gold and silver coin, to the Secretary at his office in Carson City, Nevada. Any stock upon which this assessment shall remain unpaid on Wednesday, the Seventh (7th) day of July, 1886, will be delinquent and advertised for sale at public auction, and, unless payment is made before, will be sold on Thursday, the 8th day of August, 1886 to pay the delinquent assessment, together with costs of advertising and expenses of sale. By order of the Board of Trustees. JOHN M. DORMER, Secretary.

ASTRAY.

ALL SORTS.

—Another welcome shower yesterday.

—WANTED—A girl to do general housework. Apply at this office.

—Leslie Bell came in yesterday with the first watermelons of the season.

—Sheriff Swift reports fine progress made in the Silver Glance District.

—The delinquent list of the Steam Laundry will be published tomorrow.

—Hon. William Stewart will address the citizens of Carson, at the Opera House, on Saturday evening next.

—Ayer's Sarsaparilla is the most effective blood purifier ever devised. It is recommended by the best physicians.

—Mr. Clem Berry has just returned from Oakland, where he buried his daughter Lucy Merriweather, aged 33.

—The reduction of fare on the C. P. from Reno to Truckee to \$2 50, on Sundays, will undoubtedly be the cause of lots of people spending their Sundays at the little gem of the Sierras—Donner Lake.

—Hall's Vegetable Sicilian Hair Renewer never fails in restoring gray hair to its youthful color, lustre, and vitality. Dr. A. H. Hayes State Assayer of Massachusetts, endorses it; and all who give it a fair trial unite in grateful testimony of its many virtues.

—Why families should buy none but Cohn's butter:

It is made by white labor.
You can always get it fresh.
It is full weight.

Each roll stamped. COHN.
Ask your grocer for it and take no other.

—There are 2,000 Chinese and 1,000 white cigar makers in San Francisco. If you ask each time for a white labor cigar and see that the blue label is on the box you can help to reverse these figures. George Bryson was the first to introduce white labor cigars in Carson.

—The Democrats of Ormsby county do not want the Chinese to go. They want the Mongolians to stay until after election, to make political capital out of. This is the whole thing in a nut shell, and the fact is potent to every man, woman and child in this community.

—William Lyon, of New York, was accidentally registered as a girl when he was born twenty years ago, and now the courts say that he must be a girl as far as they are concerned until an act of the Legislature sets him right.

A proper cross-examination by a good lawyer ought to set the matter right.

The Club System.

Why do certain parties in this city labor so assiduously to prevent the formation of a Republican club in Ormsby? The club system has led the Republican party to victory in this county for fifteen years and made it the banner Republican county in this State. In the name of heaven then, what is the matter with the club system? The only thing that anybody has so far argued against it is that it pulverizes the Democrats.

Opera House.

On next Friday night the well known phrenologist, Prof. McDonald of San Francisco will deliver a free lecture at the Carson Opera House, on phrenology, human nature and self-improvement. He is an able speaker and draws large audiences wherever he goes. Seats reserved for ladies.

Card of Thanks.

The undersigned desires to thus publicly express her very sincere thanks to her many friends and neighbors, and also to the Company and workmen of the V. & T. R. R., for their great kindness to herself and family during the sad hours of her affliction. May God bless them all, is her daily prayer.

MRS. J. F. ADAMS.

Typhoid Fever.

Charles Hartford, of New Castle, Westchester Co., N. Y., suffered with typhoid fever, and was given up to die. He was restored to health in one week by taking five Brandreth Pills every night and drinking plentifully of oatmeal gruel. A few doses of Brandreth's Pills will invariably cure any kind of fever.

THE SILVER DOLLAR.

The Arguments Put in a Nut-shell.

Of all the silly things thrust into our faces from day to day, the slush about the silver dollar being worth 80 cents beats all. Will the fools never learn anything? The paper in a greenback dollar is not worth 80 cents, is it? Why not make this fact a pretext for retreating them all? True enough, the Shylock crew hate the greenback and want to destroy the last one; but who ever heard of any one arguing that because the paper on which they were printed was not worth a dollar, therefore destroy them? That is "too thin." Everybody could see through that. And yet the argument against the silver dollar is exactly the same. Will the people never learn that money is one thing and the material used in making it another? The Shylock crew know this. We can't give them credit for being such fools as not to know it. But it is their aim and business to keep the masses in ignorance of the true nature of money. As Judge Tiffany says: "Truly speaking, there is no such thing as a gold dollar, a silver dollar, or a paper dollar."—Elk Mountain Pilot.

A Business Obligation.

Messrs. Mason, Hark, Dornier Muller and James were the five men who took charge of the Laundry, as Trustees. They borrowed \$2,500 at the Bank and gave their personal note for the amount, and the Bank loaned the money without interest. These men are personally responsible for the debt and therefore every stockholder is bound, as a square business proposition, to pay his assessment in order to lessen the liability of the Trustees, each one of which has devoted a great deal of time and personal attention to the work of establishing a new industry in Carson. To day is the last day on which assessments can be paid. Some of the names on the list ought not to be there, and each one who reads this should go at once to Mr. Dornier's office and pay. The Trustees assumed the obligation for the stockholders and they ought not to lose a dollar.

An Anti-Boss Man.

A mugwump, who never took a political trick in this or any other county, rose up in the Anti-Chinese League the other night and began to denounce the Republican "bosses" and the "club system." Two years ago this same man was vociferating for the "Crawford plan," because he claimed that his pet candidates would win if they only had a square chance to run. Well, the Crawford plan was adopted and he and his following were all snowed under as usual.

By admitting that this or that man is a "boss" you simply parade to the world that you acknowledge him as your superior in politics. A man who has almost worked himself to death ten years, trying to be a political boss, and has strewn his pathway with wrecks of political failures, would show his good sense by refraining from allusions to bosses, for people will invariably cry "sour grapes."

Another Mail Outrage.

Parties in from Cherry Creek inform us that the Postmaster there has received orders from the Department to suspend all mail service between Cherry and Ely, thus cutting off all communication between the Northern and Southern end of this country, besides depriving all the ranchers of a thickly settled valley 50 miles in length, of postal service. The outrage is so great that we cannot believe it is true. If true it is a shame and disgrace. More than 20 copies of the News are distributed along that route, and there is no other mail communication to supply the people.—White Pine News.

We commend this item to the attention of the Democratic journals who are continually telling how Fair is extending the mail routes of the State. Fair certainly ought to jump in about now and have the department build a narrow gauge railroad between these points with hourly mails.

Cloud Bursts.

There were three cloud bursts yesterday during the storm. One at the foot of Clear Creek, one at Crow's ranch and one at Gilson's. All did more or less damage. The 4 o'clock train was delayed two hours.

THE LAUNDRY.

It is Gradually Getting on its Feet.

The Steam Laundry is gradually pulling out of debt and will in a few months be on a paying basis. The management is practicing every economy possible and the employees have agreed to work under a reduction of wages until the debt is paid. Until recently those employed there had got their own washing done free but now they pay half rates. These economies in running the institution have been absolutely necessary in order to make it stick. The patronage of the Laundry is slowly increasing and the very best character of work is now being done there. It gives better satisfaction daily.

An Old Time New Hampshire Judge.

Daniel Webster used sometimes to read the conclusion of a charge by Judge Dudley, a trader and a farmer, a manuscript copy of which he had for many years in his desk. It was a treat to hear him read it in pure and unadorned English, as it doubtless came from Judge Dudley's lips:

"You have heard, gentlemen of the jury, what has been said in this case by the lawyers, the rascals! but, no, I will not abuse them. It is their business to make a good cause for their clients; they are paid for it, and they have done it in this case well enough; but you and I, gentlemen, have something else to consider. They talk of law. Why, gentlemen, it is not law that we want, but justice. They would govern us by the common law of England. Trust me, gentlemen, common sense is a much safer guard for us; the common sense of Raymond, Epping, Exeter, and the other towns which have sent us here to try this case between two neighbors. A clear head and an honest heart are worth more than all the law of the lawyers. There was one good thing said at the bar. It was from one Shakespeare, an English player, I believe. No matter; it is good enough almost to be in the bible. It is this: 'Be just and fear not.' It is our business to do justice between the parties, not by any quirk of the law out of Coke or Blackstone, books that I have never read and never will, but by common sense and common honesty, as between man and man. That is our business, and the curse of God is upon us if we neglect, or evade, or turn aside from it. And now, Mr. Sheriff, take out the jury, and you, Mr. Foreman, do not keep us waiting with idle talk, of which there has been too much already about matters which have nothing to do with the merits of the case. Give us an honest verdict, of which, as plain, common-sense men, you need not be ashamed."—Ben Perley Poore in Boston Budget.

Cuban Revolutionists.

NEW YORK, July 13.—There are vague rumors at the resorts which are usually looked upon as Cuban headquarters in this city, about another uprising in that island before the end of the year. It is difficult to verify them. Much importance is attached to the departure of Gen. Rodriguez from this city for Key West a few days ago. He was Brigade Commander in the last revolution, and it is certain that before his departure he was in consultation with prominent Cubans to whom he brought letters and documents from General Gomez, Commander in Chief of the Cuban forces. The fact that the American people are just now eying a zealous interest in the cause of Irish Home Rule encourages expectation on the part of leaders that their sympathies can also be actively enlisted in favor of Cuban autonomy.

—The Democrats of Ormsby have been shrieking all over the city that the Republicans of this county are the foes of the laboring men and the friends of the Chinese. This is false and its falsity can be mathematically demonstrated. The Republicans of this city employ twice as many white men as the Democrats. The Democrats who are howling the loudest about white labor are very careful not to employ any of it. When your hear such men prating about their love for the laboring class, ask them how much white help they employ and they will change the subject of conversation at once.

De Ladies and Men.

As city merchants we not only offer to out-of-town customers important advantages in prices, but goods and styles fresh and new from the leading markets of Europe and America.

We send CATALOGUES and SAMPLES FREE, and spare no pains to thoroughly suit those who entrust their orders to us. All goods are selected from our general stock, and are the same in style and price as those for city trade.

Thousands of customers all over the coast attest the skill, taste, discretion and care displayed in this branch of our work, as well as the great benefit and satisfaction thereby derived.

Those who have never ordered goods from us by mail should give this system a test. It will pay.
